ACKNOWLEDGEMENT

First and foremost, I thank God almighty for his eternal love and protection throughout the project. I take this opportunity to express my gratitude to all who helped me in completing this project successfully. It has been said that gratitude is the memory of the heart. I wish to express my sincere gratitude to our Manager **Rev. Fr. Dr. Mathew Paikatt** and Principal **Dr. Z V Lakaparampil** for providing good faculty for guidance.

I owe a great depth of gratitude towards our Head of the Department **Rev.Fr. Rubin Thottupuram** for helping us. I extend my whole hearted thanks to the Project Coordinator **Ms.Shelly Shiju George** for her valuable suggestions and for overwhelming concern and guidance from the beginning to the end of the project. I would also like to express sincere gratitude to my Guide, **Mr. Binumon Joseph** for his inspiration and helping hand.

I thank our beloved teachers for their cooperation and suggestions that helped me throughout the project. I express my thanks to all my friends and classmates for their interest, dedication, and encouragement shown towards the project. I convey my hearty thanks to my family for the moral support, suggestions, and encouragement to make this venture a success.

ABSTRACT

The project titled “Pragathi” aims at developing a system which provides an efficient way of managing the activities of Kudumbhashree in different Gramapanchayath. The existing system is a complete manual system since it has no official site or web applications. There are five main modules in this system. One is administrator module which view entire activities and grant permission for them. Second module is Community Development Society, CDS module which includes verification of loan applications and awareness classes. The third module is Area Development Society which includes marking of attendance and manage loan repayment. The fourth module is the Neighbour Hood Group, NHG module which includes registration of members and apply for loan and jobs offered by users. The fifth module is the users, they can give small job opportunities for members in each unit.
